America's Lost Morality

Jim Booth

America's Lost Morality Jim Booth

It is often argued that America's esteem has suffered irrefutable damage in the eyes of the rest of the world, over the past several decades. America's Lost Morality explores the reasons why there has been a sharp decline in moral standards, both at home and abroad. In particular, it examines how government, big business, the military, and the judiciary have all contributed to this decline. It also looks at a number of contemporary cultural issues and the ongoing moral debate that accompanies them. Finally, America's Lost Morality asks the question, "Is it too late to turn this perception around?"
