*Failing at Fairness*, the result of two decades of research, shows how gender bias makes it impossible for girls to receive an education equal to that given to boys.

- Girls' learning problems are not identified as often as boys' are
- Boys receive more of their teachers' attention
- Girls start school testing higher in every academic subject, yet graduate from high school scoring 50 points lower than boys on the SAT

Hard-hitting and eye-opening, *Failing at Fairness* should be read by every parent, especially those with daughters.
