Commissioning for Health and Well-being: An Introduction

In UK government, commissioners perform the vital task of ensuring that health and social care services meet the needs of the people who use them. Essential for everyone involved in the planning and delivery of these services, this book comprehensively explores what commissioning is, its past, and its future. A wide range of leading contributors from fields including health care, social care, and local government takes readers through the key stages of the commissioning cycle and addresses such interrelated themes as the economics of commissioning, user involvement, and commissioning in an era of personalization.
