Into the Ice: The Story of Arctic Exploration Lynn Curlee

Alien and wild, the far north has the powerful allure of the unknown, a call explorers have heeded for hundreds of years. First came the search for a route through the polar icecap to the rich lands of Asia. The Northeast and Northwest Passages were painstakingly traced. Then the race was on to one of the remotest points on earth - the North Pole. The desire for knowledge, wealth, adventure, and fame fueled expedition after expedition. Some Arctic explorers met with success and celebrity; others found madness and death; a few simply disappeared. *Into the Ice*, graced with majestic acrylic paintings, traces the slow unveiling of the secrets of this mysterious and forbidding frozen region.
