**All Aboard: The Wonderful World of Disney Trains (Disney Editions Deluxe)** Dana Amendola

It's usually said that it was "all started by a mouse" but did you know that iconic mouse was invented while on a train ride? Since its inception, The Walt Disney Company has often ridden the rails to tell its stories, whether in a theme park, live-action movie, or animated film.

*All Aboard* explores the wide variety of trains in Disney's history, accompanied by rare photographs from the Disney Archives and heretofore unseen conceptual artwork behind the trains in the movies and theme parks. Never before has such a comprehensive focus been exclusively trained on this fascinating topic. Fans of Disney history, rail history, and armchair travelers alike will be captivated by this museum-quality book.
