## **Bronte's Wuthering Heights (Reader's Guides)** Ian Brinton

After its relatively modest reception in 1847, Emily Bronte's *Wuthering Heights* has become one of the most widely-read novels of the nineteenth century. Seen as one of those rare works that has transcended its literary origin to become part of the lexicon of popular culture, its uncompromising awareness of the powers of both love and selfishness, landscape and revenge has made it a popular choice of text for students. This concise but comprehensive guide to the text introduces its contexts, language, reception and adaptation from its first publication to the present. It includes points for discussion, suggestions for further study and an annotated guide to relevant reading.
