Building Financial Models, Chapter 2: Best Practices John Tjia

This chapter is from *Building Financial Models*, widely acclaimed by accounting and finance professionals for its insight into determining a company's current value and projecting its future performance. Building on this tradition, the updated and expanded Second Edition helps readers develop a financial model, complete with entirely new material on discounted cash flow (DCF) modeling. Professionals will find this guide invaluable for both its practical, step-by-step approach to creating a core model and its broad coverage of model mechanics and foundational accounting and finance concepts.
