New Age/Avant-guard/ Post Apocalyptic Trilogy that takes place following the Great Eclipse of 2012 that left more than half the world in a total state of umbra. A modern day twist on the ancient mythological tale of Hercules and the Augeus' Stables. Michael Chiaroscuro(Seeker) is presented by The Muse the task of writing a novel that will not only define the modern day American generation, but more importantly, preclude the next generation from making the same mistakes. However... THERE IS A DEADLINE. Written in three parts bringing together hundreds of characters through an experimental, non-linear format. A controversial trilogy that unveils epidemics girding a synthetic/digital culture through the act of subplots, newspaper articles and journal entries. "Light doesn't follow darkness, darkness follows light."
