Problems of Market Liberalism: Volume 15, Social Philosophy and Policy, Part 2

Problems of Market Liberalism: Volume 15, Social Philosophy and Policy, Part 2

The essays in this volume assess the strength and impact of market liberal or libertarian political theory, which, broadly conceived, advocates a more carefully circumscribed role for the state and a greater reliance on the ability of individuals and voluntary, private-sector institutions to confront social problems. They offer insights into the limits of government, develop market-oriented solutions to pressing social problems, and explore some defects in traditional libertarian theory and practice.
